DETAILED ACTION***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/17/2007 has been entered.

Allowable Subject Matter

Claims 1, 3-5 and 8-14 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 14, and dependent claims 3-5 and 8, cited prior art does not teach a display control device/navigation system comprising a display control device comprising a display processing unit/circuit for reading image data of the plurality of display layers stored in the memory unit to superimpose the image data, converting the image data into display output signals, and setting a display switching information in accordance with enable information included in a first command in the series of commands, wherein the display switching information indicates whether or not the storage area from which the image data is read is switched, and wherein the first command is for indicating termination of generation of image data for one display layer;

Art Unit: 2628

Regarding independent claim 9 and dependent claims 10-13, cited prior art does not teach a microcomputer comprising a display control device for performing drawing processing and display control, wherein the display control device includes a display unit that controls display information, which is in accordance with operated information of a first command supplied by the central processing unit, indicating storage destinations of image data to output display signals to a display device connected to the outside, wherein the display unit is operable to switch the storage destinations of image data of display planes in response to the display control device receiving a display vertical signal of the display device, and wherein the first command is for indicating termination of generation of image data for one display plane.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
